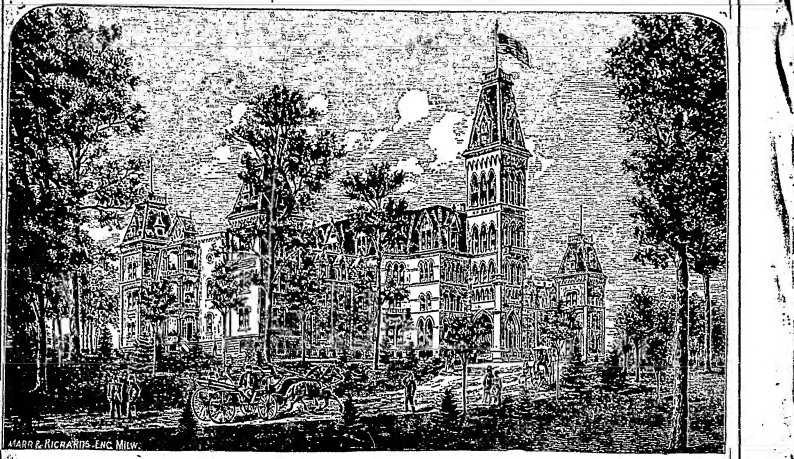
NATIONAL HOME
FOR
DISABLED VOLUNTEER SOLDIERS.



Gen. EDWARD W. HINCKS, Commandant and Treasurer.

Capt. W. H. LOUGH, Secretary.

Dr. A. J. HARE, Surgeon.

The North-Western Branch

is beautifully situated, three miles from the City of Milwaukee. It is a capacious brick building containing accommodations for 1,000 inmates. In addition to this building which contains the main halls, eating apartment, offices, dormitory and engine room, are shops, granaries, stables and other out-buildings. The Home farm contains 425 acres, of which over one-half is cultivated. The remainder is a wooded park traversed by shaded walks and drives, beautifully undulating. The main line of the Chicago, Milwaukee and St. Paul Railway runs through the farm, and the track of the northern division passes beside it.

Who are Admitted and How.

Soldiers who were disabled in the service of the United States in the war of the rebellion, the Mexican war, or the war of 1812, and have been honorably discharged, are entitled to admission to the Soldiers' Home.

Admission is procured on a certificate, of which blank forms are furnished to every applicant, setting forth his enlistment, with date, rank, place of muster and the company, regiment or other organization to which he belonged, and the date and cause of discharge; and that he is receiving a pension. His identity is set forth in the same certificate, and a surgeon's statement of his disability and its nature.

Disabled soldiers, or their friends, county, city and town authorities, police officers, guardians of the poor and almshouses, trustees of benevolent institutions and public or private hospitals throughout the State and country, having knowledge of disabled soldiers, or such persons in their charge, are cordially invited to address the commandant by whom the necessary blanks and instructions will be sent by return mail.

Labor, Instruction and Amusement.

Such inmates as are able to do so, have the opportunity to practice various mechanical trades, or to work on the Home farm, for which they are paid a compensation of from $6 to $15 a month, averaging, all around, about 40 cents per day. Skilled laborers can earn more than these wages. The trades practiced are, boot and shoe making, carpenter and joiner work, tin-smithing, plastering and stone masonry, gas fitting, cigar making, broom making and basket making. Farming is largely carried on, and some of the finest products exhibited at the State fairs have been from the fields and gardens cultivated by the soldiers. All the labor of the institution, including care of the building, repairs which are found necessary, and farming operations, is done by the inmates.

The institution has an excellent library of 2,500 volumes, contributed by friends of the soldiers in various parts of the country. The reading room contains newspapers and magazines, all of which are in constant use and requisition by the inmates.

This institution is not a public charity, and the disabled soldiers of the country should understand it. The money that supports it has been forfeited by bad soldiers, and has been made by the law of congress, the absolute property of the disabled soldiers of the country. They do not place themselves in the list of paupers by becoming inmates of the Home.

No soldier or soldier's friend visiting Milwaukee will ever regret a call at the Home, where they are always made welcome by its efficient and worthy commandant.

WISCONSIN SOLDIERS AND SAILORS

REGIMENTAL REUNION ROSTER.

EXPLANATIONS TO THE READER:

Regiments are in their numerical order commencing with the Infantry; then Cavalry, Heavy Artillery, Batteries, Sharp Shooters, Soldiers of other States, State National Guard, Reunion Programme, and Sketches interspersed.

Commissioned officers' names with rank are at head of their respective commands.

The soldier's surname comes first followed by his christian name or initials.

If known, his occupation comes next, and last his P. O. address. When state is omitted *Wisconsin* is understood. When soldier's name is followed by a * it shows he was killed in action at the place and date then given. When the name is succeeded by a + it shows the man died of wounds at place and date given. When neither * nor + is given, but the line ends with a date it shows he died of disease while in the army at such place and date. Any soldier's name not appearing, shows either he has died *since* the war or has failed to respond to the Reunion call.

In the Appendix will be included names received after the Regimental Roster went to press.
